

# Banks Road Primary School—Computing

## The Iron Man—Medium Term Plan

Year: 3

Topic: Digital Media (Photography)

Term: Autumn 1

Lesson	Focus
1	<p>Unplugged—look at a range of random photos (some good, some bad (i.e. out of focus, things cut out etc.)</p> <p>What's good about these photos?</p> <p>Why are some not as good? What has gone wrong?</p>
2	<p>Children spend some time taking photographs around the class/school grounds. Allow children to make mistakes and get used to using the camera.</p>
3	<p>Introduce children to the editing tool. Exposure/Brightness/Filters/Cropping/Rotating etc.</p> <p>Allow children to have a play but justify their choices.</p>
4	<p>Class to travel to Crosby Beach to take photographs of 'Another Place'.</p> <p>Consider all of the things discussed over the past few weeks. (Focus, light, shadow, cutting things out etc.)</p>
5	<p>Editing and adding filters to the photographs previously taken.</p>
6	<p>Reviewing and evaluating photographs.</p> <p>What do you like about your photo?</p> <p>What would you do differently next time?</p> <p>Is there a particular feature you're proud of?</p>
